

ADVENTURES of GOD

VRRR... VRRRR...

VRRRR

Jesus Christ!

What?

Recent numbers
on climate change.

We're talkin' rising sea levels,
melting ice caps, stronger storms...

They say it's irreversible at this
point. They're giving it 50 years

Do the humans know?

Yes, of course! They published the study

They must be freaking out!

What?

My God!

Yes?

Are you
seeing this?

Of course! These idiots
blew a 25-point lead!

Made by Corey & Teo

This is important, dad!

Hold on, Siren's Lament just updated
